

Role profile

Here's more about the job!

Role/s	Occupational Therapist	Date Prepared	January 2018
---------------	------------------------	----------------------	--------------

Your Team

- We are responsible for assessment and social care interventions to ensure positive outcomes for people in compliance with health and social care legislation. We talk with people to find out what matters most to them, their strengths and what they want to achieve and build these into their personalised care and support plans

Your Customers

- People with care and support needs, carers and significant others
- Staff from other agencies, including NHS, Police, Education, Housing, VCS and others as appropriate
- Third party care & support contractors

Your Role

- You have a Social Work/OT/Nursing qualification. You will demonstrate and uphold best practice standards and codes of ethics.
- You will assess the needs of people, their families, carers, using standard assessment tools, so that plans made are timely and evidence-based.
- You will plan, implement, review & evaluate interventions to ensure positive outcomes for people, using up to date knowledge of relevant legislation and best practice.
- You provide a person centered response to safeguarding in accordance with legislation for children, young people and adults, responding to crisis situations ensuring immediate protection, reducing risk and promoting wellbeing.

Health and Safety

- Regular exposure to mental health pressures and demands.
- Risk of physical assault.
- Risk of verbal abuse.
- Working alone.
- Visual display - regular use.

Work Pattern

- Standard Monday to Friday with flexibility subject to business needs.
- Weekend working.
- Night working.

Work Related Travel

- Regular.
