

Service Directory

We deliver a range of flexible and responsive support for people with learning disabilities and autism and older people, including those with dementia. We provide services for more than 650 people in local community settings and from our 46 buildings and homes across west Cheshire.

Services on offer

Learning disability day services

Our learning disability day services provide a range of day-time activities in a number of day centres and community settings, such as Canal Street Day Centre, Lightfoot Lodge and Water Tower Gardens (all in Chester), Meadowbank Lodge (Winsford), Neston Day Centre, and Coronation Centre and Healthy Living Centre (both in Ellesmere Port).

Facilities available at the day centres include sensory rooms, art and craft rooms, IT and media suites, and music and entertainment areas. Our Green team launched recently, giving people with learning disabilities the opportunity to volunteer on environmental and gardening projects across west Cheshire.

Our Little Roodee Café in Chester not only sells a range of delicious food and drink to the public, but it also

provides vocational training and employment opportunities in food preparation, customer service, good hygiene practice and team working to adults aged 18 and over with a learning disability. Those using the service have the option to take part in both accredited and non-accredited training and, if they wish, they will be supported into employment in the catering industry.

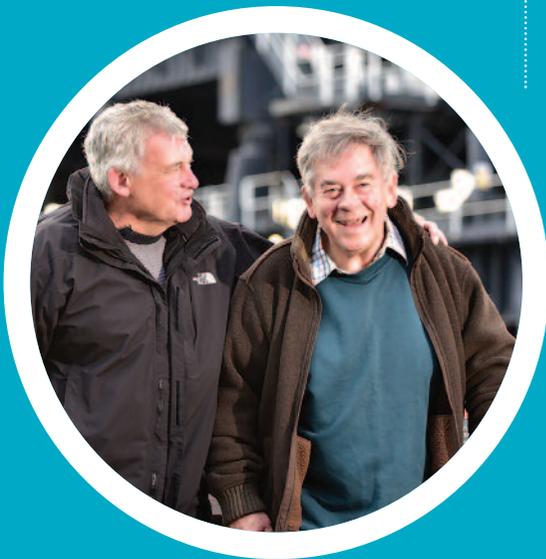

Respite services

Our Respite service provides evening, weekend and overnight respite for adults with learning disabilities, including those with profound intellectual and multiple disabilities (PIMD) and autism. The service is available on an emergency, short-stay or weekly basis and operates from Dorin Court and Dover Drive in Ellesmere Port.

Older people services

Our voluntary community day services provide day-time activities for older people and are run by a group of volunteers, meeting in Willaston, Waverton, Farndon and Saughall.

Our older people day services provide a range of day-time activities in a number of day centres, including Davenham Day Centre (Northwich), Abbots Wood (Chester) and Coronation Centre (Ellesmere Port). The service provides

the opportunity for people to socialise in a safe and supportive environment, offering a choice of therapeutic and engaging activities. Our Day Care service at Coronation Centre and Davenham Centre also offer dementia day care.

Our Dementia Care service at Curzon House (Chester) provides short-stay, respite and long-stay residential care and day care for people with dementia.

Supported living accommodation

Our Supported Living service provides personalised support to adults with learning disabilities and autism in their own home under supported tenancy agreements.

We have a number of properties in Ellesmere Port, Northwich and Winsford, offering a permanent home to people with care and support needs 24 hours a day, seven days a week.

Shared Lives

Our Shared Lives service provides sessional support, respite and permanent placements for older people, or people with learning disabilities or autism aged over 18. People who need support, or support and accommodation, to live full and more independent lives use the service. Shared Lives offers an alternative to day services, respite care and residential care. It is delivered by self-employed carers and is available across west Cheshire.

Volunteering opportunities

We offer a number of volunteering opportunities both in our buildings and in the community across west Cheshire. Our volunteers help to support the people who use our services and they can get involved in many ways. This ranges from joining in with activities, befriending and socialising, enjoying trips out, or taking part in gardening and maintenance jobs. The options are varied.

New services available soon

We are putting in place a number of new services following feedback from the people who use our services, as well as their parents and carers, about what services are most important to them.

Hydrotherapy pool

Extended day services with breakfast and tea-time sessions
