

Job Description and Person Specification

Job title:	Trainee CBT Therapist
Directorate:	People
Service:	Education Services
Team:	Emotional Health Academy
Post number:	
Salary grade:	Grade I
Work location:	Market Street
Reports to:	EHA Manager
Supervises:	N/A

Job Purpose

The Trainee CBT Therapist role will be part of West Berkshire's Emotional Health Academy and is full-time. These roles are critical to providing needs led and goal focused support to vulnerable young people with emerging emotional or mental health issues and low self-confidence. Vulnerable young people do not always feel comfortable or safe accessing traditional intervention modes and benefit from a strength and needs focused approach improving their resilience and emotional health outcomes.

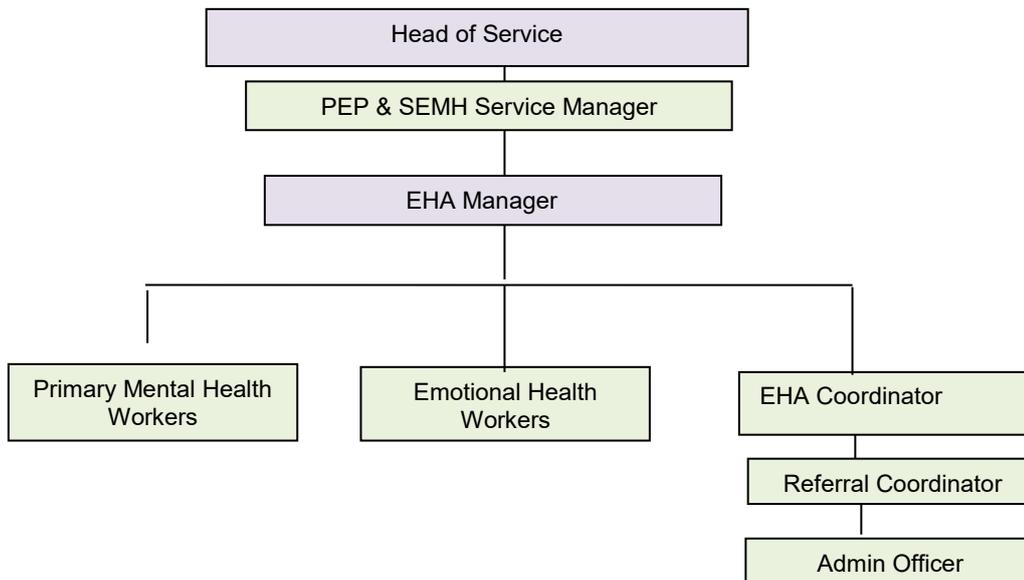

The aim, by supporting children, young people and families, is to strengthen resilience and coping skills enabling them to improve their wellbeing, attainment and life chances, and so reducing the pressure on specialist CAMHs and medical services.

The Trainee CBT Therapist roles deliver evidence-based low intensity interventions to children and young people in schools in accordance with NICE guidelines.

The successful candidates will be undertaking a Postgraduate Diploma in Evidence-Based Psychological Treatment for Children and Young People (CBT Route) at Reading University; this is a year-long course which will include a mix of university and work placement days and includes a significant academic component.

The course the post holder will be completing at the University of Reading as part of this role is a Level 2 accredited course with BABCP. This means that upon completion trainees will meet criteria to apply for provisional accreditation as a CBT therapist with the BABCP.

Structure Chart

Main Duties and Responsibilities

As well as undertaking the Postgraduate Diploma in Evidence-Based Psychological Treatment for Children and Young People (CBT Route) at Reading University, the post holder will be expected to work as part of a dynamic mental health team in a creative environment where evidenced-based interventions, new ideas, ways of working and supporting young people are actively encouraged. This approach requires flexibility and adaptability, and above all a passion for working and building effective working relationships with young people.

The post holder will be supervised and supported by experienced mental health practitioners, and will work closely with professionals supporting young people. The primary duties and responsibilities include:

- To offer specialist consultation and advice to EHA and other associated colleagues on aspects of mental health and wellbeing.
- To identify and respond to serious/urgent risks or concerns and make decisions to escalate referrals to specialist or safeguarding services when required.
- To direct children and their families, via Triage and Mental Health Surgeries, to the most appropriate service in order to meet their emotional needs.
- To offer Cognitive Behavioural Therapy to children, young people and their families especially those with a higher level of complexity.
- To lead by example, modelling restorative values and practice, to ensure effective partnership working which engages all partner agencies and sectors, to support multi-agency practice with children, young people and adults; to improve outcomes for West Berkshire's children and families.
- To provide formal and informal training and education to all agencies involved with the

Main Duties and Responsibilities

emotional health of young people.

- To evaluate the outcomes for children and work in partnership with colleagues to ensure the effectiveness of the EHA.

Other Responsibilities

- To promote equality as an integral part of the role and to treat everyone with fairness and dignity.
- To recognise health and safety is a responsibility of every employee, to take reasonable care of self and others and to comply with the WBC Health and Safety policy and any service-specific procedures / rules that apply to this role.

The role is flexible and the list of main tasks and responsibilities is not exhaustive.

Scope (impact on/control of resources, people, money etc)

The EHA provides support to children and young people (CYP), families and schools with mild to moderate mental health needs such as anxiety and low mood/depression. Due to the training and level of experience/skills required this post holder will be responsible for assessing, intervening and providing safety plans for those with moderate mental health needs and will be working with some of the most vulnerable young people in West Berkshire schools. This can include CYP who may be engaging in self harm or have suicidal ideation. They must comply with local Safeguarding, Lone Working, and Data Protection policies.

Another key responsibility of this role will be to provide school staff and other professionals with training and consultation on aspects of mental health and wellbeing.

There are no direct budgetary or resource responsibilities with this post.
