## Welcome from the Principal

Welcome and thank you for your interest in Abbey School for Exceptional Children.

Our Independent day and residential school provides a unique environment of high-quality, evidence-informed education, nurture and care to young people aged 4-19 with autism whom may have additional learning difficulties and behaviours that challenge. We offer a comprehensive programme of support which ensures that all of our pupils' individual needs are met through highly personalised learning.

We are privileged to benefit from a truly wonderful location. Our school is housed in stunning Grade II\* listed buildings, part of historic Abbey Square in the heart of the beautiful city of Chester. Our fantastic team of architects have designed a well-equipped and high-tech learning environment for us, whilst maintaining the beauty of the buildings and surroundings for our pupils to enjoy. We make full use of our environment and location with a creatively designed curriculum that includes focused learning and enrichment activities that support wellbeing. This enables all of our young people to experience growth, development and success.

Our highly skilled and specialist staff team includes teachers, learning and behaviour specialists, speech and language therapists and occupational therapists. This trans-disciplinary focus ensures that each pupil's individual needs are understood, accurately planned for and closely monitored as part of day-to-day school practice.

I am extremely proud to be the Principal of Abbey School, a place where pupil-centred practice is the norm and where the voice of the young people we support and their families is central to all that we do. It really is a very special place to work and learn.

Yours sincerely

*Dr. Katy Lee*
